

Dear families,

Below is a list of the current flash card words that the kindergartners are practicing. **I would HIGHLY encourage you to make flashcards and practice at home.** Please note, that memory words are words that the students must just remember, they cannot be stretched out. These are all of our color words, Superkid names, and any words with a \* beside them. If you are looking for something to practice at home, I really recommend starting here!

Thanks,  
Mrs. V ☺
